From the Indian War.

[Special Correspondence of the DAILY DEMOCRAT.]

Letter Direct from the Scene of the Difficulties.

LOWER WEISER RIVER, ADA CO., IDAHO TERRITORY, *July 4th*, 1877.

EDITOR DAILY DEMOCRAT:—Indians are the only excitement here at present, and from the way that Nez Perces Joseph and his warriors butchered the Salmon River settlers, I think a person no better prepared for war than most of us are has good reason to be excited. Nez Perces Joe and his band are non-treaty Indians. They number about 1,200; they have 300 warriors, and are rich in horses; they also have plenty of good guns and ammunition. They have been molesting the settlers on Salmon and the headwaters of the Weiser for a long time; they also made frequent threats, but never put them in execution till now. They killed twenty-nine men and one woman. As yet they have killed no old men; they came up to an old man and told him that he need not fear, for they did not intend to hurt him if he would attend to his own business and let them alone. The woman they killed had been in the habit of setting the dogs after them when they came around. They have killed every stock-man they could find on Lower Salmon River. Their main depredations have been committed on the north side of the Salmon. Their principal retreat is in the High Pine Mountains, between the Salmon and Weiser Rivers. They have about 400 stolen horses which they got off the Lower Salmon and Camus Prairie. The Snake Indians and the Wiser also seem to be peaceful now. They have all come in on the river and camped at Emmitts. They offer to help protect the settlers if furnished with ammunition. The Government has sent three companies of soldiers here to guard the Weiser Valley—It has also armed the settlers with needle guns. Two companies started across the mountains yesterday to go to Warren's on Salmon River to attack the Indians from this side. Judging from all reports, I anticipate no danger without the Indians whip the soldiers in this fight which will be likely to come off to-morrow. Should the Indians be victorious, I look for a general Indian war. I thing that all the Northern Indians will go to Nez Perces Joe's ban t.

The settlers have built two forts on the Weiser and one at the Payatte ferry. There are scouts out all the time in various directions, and should the Indians come we have a place to protect ourselves. Many of the settlers have left the Upper Weiser with their families. It is making hard times, too, for the crops are going to waste very fast for want of attention. I have put my stock on an island in snake river, where the Indians have a poor show at them. I am in better shape to protect my stock than any man in the place. Most of the stock in the country is running at large in the hills and people are afraid to go after them. The mail-carrier from Salmon is two days behind time. There is no telling the cause. Some think the Indians have killed him. I think he did not start on time.

Two soldiers had a dispute at Old's Ferry the other day, which was settled by one shooting the other dead.

Billy West, the owner of the ferry met with an awful accident on the 2d of this month, caused by the accidental discharge of a gun, tearing his arm off near the body. It is feared that he will die. J. G. HOLLINGSWORTH.

The Most Glaring Fraud on Record.

[From the S. F. Daily Echo, July 10.]

News from New Orleans is to the effect that Wells, Anderson, Kenner and Casanave, now under arrest, will surely be indicted by the Grand Jury. These men composed the celebrated and infamous Returning Board, which changed the vote of Louisiana from 8,000 majority for Tilden to 10,000 majority for Hayes.

It seems that hayes and his manipulators entered in a compact with Nicholls, the present Governor, and other leading Democrats, which is a discredit to all concerned—both Democrats and Republicans.

The agreement was that the Returning Board should steal the vote of the State for Hayes, and in return for which, Nicholls should be counted in as Governor.

The conspiracy was carried out—Hayes, Republican, is President of the United States, and Nicholls, Democrat, is Governor of Louisiana.

Many strange things happen in the political world, but none stranger perhaps, than the counting of the vote of Louisiana for a Democratic Gubernatorial and a Republican Presidential candidate.

We can easily account for the changes in public sentiment by which a State goes either Democratic or Republican, but we cannot understand how a State can go both ways, as Louisiana did at the last election. Or, rather, the Returning Board counted the vote that way.

The Chief conspirators, Hayes and Nichols, are now clothed in their brief authority Their co-conspirators of the Returning Board are facing a felon's cell. They appeal to the fraudulent President whom they seated, to save them. In turn, Hayes appeals to Governor Nicholls not to divulge the secrets of this bargain and sale. But the Grand Jury has cited them to appear, and Nicholls must divulge the facts or confess himself guilty.

The matter was discussed by the Cabinet, Saturday. They could do nothing but advise Hayes to appeal to Nicholls, to save him, and thus save himself.

This "8-to-7" President summoned to Washington three of his most trusted advisers. They are ex-Governor Brown, of Tennessee, Col. Hawley, and the celebrated middleman, Wayne McVeigh. Hayes wanted to see if the matter could not be fixed up.

The influence of these middlemen, it was thought, was not strong enough, so they have invited Senators Lamar, of Mississippi, and Gordon, of Geoegia, to help compromise the matter.

It is said, that Hayes is unusually uneasy about the matter, and has sufficient reasons to be so.

The whole matter is reduced to this one point: If Louisiana gave a Democratic majority, and there is no doubt but that it did—Nicholls is Governor and Hayes is not the legal President. But if the State went Republican, Hayes is President, and Nicholls is an usuper.

The State certainly did not go both Democratic and Republican. It is certain that both Hayes and Nicholls did not carry the State.

At last, this fraud is about to be exposed. The Attorney-General of the State has ample evidence of a good case, which will end in sending the infamous Returning Board to the Penitentiary, and deposing a fraudulent President.

Quarterly Fashions.

Ehrichs' Quarterly Fashion Magazine for the Summer of 1877 is received, being volume 3 No. 2. It contains over seventy pages of reading matter interesting particularly to ladies, as it treats not on fashions only but also on decoration outdoor sports and exercises, general literature, etc. The supply department is quite a feature of the work. Nearly all the articles of dress, etc., are illustrated, prices given, and will be sent to any part of the country where ordered. Published by Ehrichs & Co., 287 and 289 Eighth Avenue, N. Y.; price only 50 cents per annum.

TO THE TESTIMONY.

Much stress has been placed upon the testimony of one Styles before the so-called "Oregon Commission"—more properly "Congressional Junketing Excursion." The *Record-Union* and other extreme Radical papers have had long special dispatches heralding this man Styles' say so to the world. He implicated a printer named Brown and Senator Palmer in his testimony, and now comes Brown and testifies: "Know Styles by sight; he said in his testimony that I had some oysters that night with him; I now state that I did not ever have any oysters with him, and never walked and conversed with him that night, or at any time; never saw him to know him until he came down here on the cars the other day; never saw any money being used or any unfairness practiced in the Senatorial election, and know no facts that warrant any rumor about the use of money; there was some pool-selling in the Chemeketa Hotel; had some talk with Gilfrey, and suggested to him that it ought to be stopped, as it might be injurious to Grover's prospects." So that kills Mr. Styles' testimony, and whatever else he may say will have little weight with the Commission or with the people. As the Sacramento *Bee* candidly admits, "thus far nothing but floating rumors as to money having been improperly used have been elucidated" in the Grover investigation.

WELLS AND ANDERSON.

Although the indictment of Wells and Anderson, of the Louisiana Returning Board, has been contradicted, it is again reiterated by telegraph, via Chicago; and the statement lifts the veil so that the mysterious work behind can be seen. The *Times'* special of the 10th says: "Judge Lawrence of this city, who was a member of the Louisiana Commission, states in regard to the indictment of Wells, Anderson and other members of the Returning Board, that it is a gross violation of the pledge made by the Nichols Government. It was the distinct understanding that there should be no political prosecutions. Judge Lawrence says he has no doubt these legal proceedings are instituted by bourbon Democrats in Louisiana, who are opposed to the Nicholls Government, and his friends will use their influence to carry out the pledges made in good faith and put an end to these prosecutions, or at least Governor Nicholls will exercise his pardoning power, if that should become necessary." The facts will yet come out and prove clearly that the Louisiana infamy was coolly concocted and premeditated to make Hayes President at all hazards.

DEEP PLOWING.

Ex-Governor Downey, who is one of the practical scientific agriculturists of the State, writes to the *Bulletin* of the 12th as follows, on the effect of deep and shallow plowing in this State: "I have read with much interest your article on our soil and climate, and while it is full of sound reasoning, it will not work well in a majority of our seasons. In 1854, I well recollect, Messrs. Dougherty, Gloskin, Martin and Johnson were cultivating in the Amador valley. Mr. Johnson, a canny Scot, an importer of the Clydesdale horses, said: 'I will show these men how to raise crops.' He put on his big teams and plowed nine inches deep, his neighbors plowing four inches. They had a beautiful stand of wheat, delicate straw and full head, yielding forty bushels per acre. Mr. Johnson had a splendid *straw crop*, but no grain. This is food for the reflecting. Wheat requires a hard subsoil to throw its roots into and get a substantial footing. Experience, after all, is better than theory." This statement of the Governor differs materially from the general belief, and if correct is all the more valuable to the public, as it will tend to rectify a common error.

IDAHO WAR NEWS.

A letter appears in our columns this morning from J. Green Hollingsworth, who is well known in this county, and who for the past two years has been engaged quite largely in the stock business in Weiser Valley, near the scene of the Indian troubles in Idaho. Mr. Hollingsworth's statements more than confirm the news the telegraph has enabled us to lay before our readers in advance of any other source in regard to the Idaho Indian war. We hope to give other letters from time to time from the pen of Mr. H., as they are known to be strictly reliable. Fortunately he and his brother have thus far escaped any trouble with the bloodthirsty redskins, and we hope they will continue to do so.

VERY PROPER INQUIRY.

Sunday's *Chronicle*, referring to Congressman Page, and after quoting the law to show that Mr. Page is either an illegal mail contractor or Congressman—one or the other, or both—pertinently asks the voters of the Second District why they should select their law-maker from the class of law-breakers. The *Chronicle* shows how Page was cornered during the last session on this question by Hon. J. K. Luttrell, and it strikes us that the licks that paper is giving Mr. Page will be very hard for him to overcome.

TELEGRAPHIC NEWS.

Associated Press Special Dispatches to the Daily Democrat.

Importance of the Capture of Tiernova

CHICAGO, July 11.—The *Tribune's* London special says: With the capture of Tiernova, the Russians gained an important position, being thus put in possession of the approach to the Shipka Pass. Military authorities think the force will advance through this Pass to Adrianople, thus threatening Constantinople in front and Shumla in the rear. In Asia the situation is not so bad as reported. By General Turgurazoff's escape to Bayazid the Russian army in Armenia was saved from disaster.

Turkish Movements.

LONDON, July 11.—A special from Vienna says: The abandonment of the line of the Yantra by the Turks is surprising, since it might have been supposed they intended to defend that line, and, by thus threatening the Russian flank, prevent them from advancing into the interior. The Turks have so completely suppressed all information about the movements of the troops, that no idea can be formed of what they mean to do.

The *Times* in a leading article says: It is believed the Russians cannot advance in force upon the Balkans until they have secured their communications, by constructing a position on the Danube as strong as any in the possession of the Turks. This will require a month at least.

England Preparing for War.

LONDON, July 11.—A correspondent at Constantinople telegraphs that Layard intimates to the Porte that England is not satisfied with the explanations of Russia regarding Constantinople, and has sent a fleet to Besika Bay in order to take the necessary steps if the Russians should cross the Balkans.

The *Daily News* states that the British fleet at Besika Bay, with the additions ordered by the Admiralty, will present an aggregate of twenty-four vessels with 150 guns and a crew of 7,000 to 8,000 men.

Witnesses Poisoned and Assassinated.

NEW YORK, July 11.—The *Tribune* says: Joseph Davis, Mayor of Tuscaloosa, an important witness against counterfeiters, has been poisoned. Several other witnesses have been assassinated recently.

The *Times* says: Gabriel Netter, of the Jewish banking house of Netter & Co., has received a letter from Saratoga from the Grand Union Hotel proprietors inviting him and his family. Netter will not accept.

Henry Langfeldon, of Cleveland, O., after saturating inflammable matter in his room with coal oil, set fire to it, and then shot himself. He died instantly.

John Green, of Randolph county, Mo., who shot and killed his wife last Friday, was taken from jail last night by about fifty men and hung.

American Vessel Overhauled.

BOSTON, July 11.—A letter from Captain Tayler of the whaling schooner Rising Sun, states that on the 20th of May he was cruising off the South Keys of Cuba, on the lookout for whales when he was fired upon by a Spanish cruiser and his chief mate taken prisoner. The mate was detained five days, when a Spanish gun boat arrived and declared the papers correct.

Union of the San Francisco Democrats.

SAN FRANCISCO, July 12.—The opposition Democratic Delegates have accepted the propositions of the State Central Committee as far as they related to the Convention of 120 Delegates, but leaving the matter of electing a new County Committee open for the Convention to arrange.

Nominations of the Iowa Greenbackers.

DES MOINES, Iowa, July 12.—The greenbackers have nominated Daniel P. Hubbs for Governor, A. H. McCreany for Lelutenant Governor and John Porter for Supreme Judge.

Health of Chicago.

CHICAGO, July 12.—The Medical Society deny that there is any epidemic here. On the contrary they say the city is in excellent health.

Georgia Constitutional Convention.

ATLANTA, Ga., July, 12.—The Constitutional Convention has organized. The President cautioned the Convention against infringing the rights of the colored man, etc.

Mississippi Republican Convention.

JACKSON, MISS., July 12.—The Mississippi State Republican Committee met yesterday and passed resolutions expressing confidence in Hayes' Administration and then adjourned *sine die*. This is considered eqivalent to disbanding the Republican party in Mississippi.

Col. Perry Censured.

WASHINGTON, July 12.—Surprise is expressed by the President at the cowardly conduct of Col. Perry for not going to the relief of Randall in Idaho.

Sixteen men were lost in the recent fight.

Perry's record has been good heretofore.

Grasshoppers in Minnesota and Dakota.

Reports from Minnesota and Dakota state that grasshoppers are flying with the wind in large numbers but fortunately doing no damage. Crop prospects are good.

Resignation of Disraeli, Etc.

LONDON, July 12.—The resignation of Disraeli is again rumored.

The Russians are preparing to besiege Rustchuck. The Roumanian army is to cross the Danube both above and below Kalabat.

The Russians admit the raising of the seige of Kars. The troops will go to Bayazid.

Austria is suspicious of Roumanian sincerity.

The Armenians and Russians are preparing an attack on the trojan wall.

Russian Successes.

NEW YORK, July 12.—The *Times* gives a review of the situation both military and political. This information shows that the Russians themselves are surprised at the success in their campaign in Bulgaria, and only regret that they did not cross the Danube a month earlier. Either apathy or ignorance is influencing the Turkish commanders in the abandonment of one important position after another. The Russians are victoriously advancing toward the Balkan mountains.

Constantinople.

NEW YORK, July 12.—Gen. Blum, in the employment of the Turkish Government at Constantinople, and Colonel Hume, of the Engineer Department, have settled upon a plan for defending the Turkish Capital, in the event of participation by the British Government. The idea that the English forces should occupy Galipoli and the neck of land known as Boloria, thus shutting the Straits of the Dardanelles against the Russians.

CHICAGO, July 12.—A *Tribune's* London special says: The Russian advance gives signs of an intention to make a bold dash through the Schipka Pass as a basis for ulterior operations against Adrianople. The distance from Tiernova to Schipka is 30 miles; to Adrianople, 50 miles; thence to Constantinople 140 miles. Thus the advance guard of the Russians is already but 300 miles from the Ottoman capital.

Rustchuk.

RUSTCHUK, July 12.—Bulgarians have been arrested, charged with fomenting insurrection; and also with distributing petroleum to fire the town. Up to June 28th there were in Rustchuk 700 persons killed and wounded by the bombardment.

LONDON, July 12.—The bombardment of Rustchuk was recommenced on Tuesday, during which the Russians attempted to take the town by assault, but were repulsed after fighting two hours.

War Feeling in Germany.

LONDON, July 12th.—A private telegraphic dispatch from Belgium says the war fever is spreading in Holland, and that Belgium is preparing for the mobilization of its army. On the other hand there is a strong belief that no new diplomatic difficulties will be likely to arise to influence the neutrality of either Austria or England.

Meeting of the Emperors.

NEW YORK, July 12.—A *Times'* London special says: Prince Hohenlone, the German Ambassador to France, will be present at the meeting of the Emperors of Russia, Austria and Germany, on the 8th of August.

All the members of the Cabinet went to Windsor to-day, where a special council was held, presided over by the Queen.

Miscellaneous News.

NEW YORK, July 12.—A special from New Orleans says that Madison Wells has received a letter from John Sherman, which, he states, is very bitter against the people for violating what he says was the terms of the agreement.

A sharp controversy has arisen between officials of the Indian Service and General Kautz, commanding in Arizona. Indian agent Clum prepared accusations against Kautz ass rting that through carelessness and neglect Kautz was responsible for murders by wandering Indians.

The *World's* Albany special says: The Bank Superintendent to-day closed the Yorksville Savings Bank. The number of depositors was 177, and the average of each deposit is $12,534 (?)

A *Times*, Peoria, Illinois special says: Ting & Brotoerson, heavy pork packers and grain dealers, have filed their voluntary petition in bankruptcy. Liabilities, $120,000.

John H. Keyser, the Ring plumber, has failed. His sworn statement shows assets nothing; liabilities nearly $200,000.

Destruction of Bajazid.

LONDON, July 13.—Latest advices from the front state that Bajazid has been destroyed and thirty thousand Turks were defeated by General Kurgu-Rissoff.

A Turkish frigate is bombarding the town of Simferopol in the Crimea.

Russia is obstructing the mouth of the Danube.

All is quiet on the line of the Danube. No fighting at Rustchuk.

Servia and Roumania.

LONDON, July 13.—Special dispatches state that Servia hesitates while Roumania secures good military positions. There has been no alliance effected as yet.

Business Review.

NEW YORK, July 13.—Drew & Co's review of the business outlook of the country shows no increase in business generally. The number of failures is larger than last year.

Good crop prospects are reported everywhere, which is the only encouraging feature.

French Contracts, Etc.

The Northampton bank robbers have been found guilty.

Notwithstanding the general denial, the *Inter-Ocean* reaffirms the French contracts to be true.

The U. S. Marshal of Pennsylvania has instructed his deputies to comply with the President's civil service orders.

Troops Leaving for Idaho.

SAN FRANCISCO, July 13.—Three companies of troops left to-day for the Idaho Indian war.

WALLA WALLA, July 13.—The Governor Terry has arrived with arms for General Howard's command at Camas Prairie. He says he will kill off all the Indians and take no prisoners.

Considerable alarm exists at Lapevia.

Dispatches from Cottonwood say Joseph's band has crossed the Clear Water heading for the Bitter Root country.

Fire at Colusa.

COLUSA, July 13.—A fire occurred here yesterday by which a whole block was burned. It is thought that there was about $10,000 damages.

The Montreal Orangemen.

MONTREAL, July 12.—Poor police regulations are blamed for the troubles of to-day. The Orangemen who tried to preserve peace were openly intimidated by roughs having possession of the streets.

Hackell was inhumanly murdered—being repeatedly shot while dying. A clergyman who attempted to offer a prayer for the dying man was roughly pushed away by the crowd.

The last dispatch states that the Adjutant General has called out troops to perserve the peace. All was quiet at night.

In Toronto and Ottowa the Orangemen's processions were large and undisturbed. No trouble has occurred anywhere else than at Montreal.

The Cuban War.

KEY WEST, July 13.—It is reported that on the 8th of July, Generals Gomez and Garcia, leading a very large force, forced Trocha and invaded the Cinco Villas territory. A battle was fought in which it is said over six hundred Spaniards were killed, among them a Brigadier-General. Since then another heavy encounter has taken place.

Three men-of-war were ordered to sea in great haste, to pick up isolated detachments near the coast.

Yellow fever is raging among the 20,000 troops brought out last winter. Discontent is rampant among all classes of people.

Pretext for War.

CHICAGO, July 14.—A *Tribune's* London correspondent says: Another pretext for war has been found by the English journals in the establishment of a Provisional Government in Bulgaria, and in making the Russian the official language. This is regarded as fresh evidence that Russia is bent on the complete subjugation and annexation of Turkey.

Russian Defeat at Bayazid.

LONDON, July 13.—A dispatch from Erzeroum states that the attempt of the Russians, under General Tergusakoff, to relieve the beseiged garrison at Bayazid, has failed, notwithstanding the garrison made a determined sortie. The Russians after suffering a severe loss, retreated to Mount Ararat, where they were again defeated. The Turks took many prisoners and six guns.

Troops for Idaho.

WASHINGTON, July 13.—Nine Companies of the Second Infantly left Atlanta, Ga., this morning for St. Louis, where arrangements have been made to forward them without delay to Cheyenne, via Denver, en route to Idaho, the scene of the present hostilities.

CHICAGO, July 14.—A *Times* Washington special says: The Cabinet secretly but seriously considered the propriety of displacing Howard and putting Crook in his place.

Railroad Accident.

ST. LOUIS, July 13.—A passenger train on the St. Louis and Carlo Railroad jumped the track on an 18-foot trestle near Murphysboro, and the whole train, except the locomotive, was thrown from the track. Almost every passenger was injured. The Express Messenger, Mail Agent, Conductor and brankesman were seriously hurt.

Howard Whips the Idaho Indians.

PORTLAND, OREGON, July 14.—An official dispatch just forwarded by Gen. Howard from Camp Williams, Idaho, July 12th, in the *Bee*, states that on the 11th he met the Indians 300 strong in a deep cañon near the mouth of the Cottonwood, opened fire on them with a howitzer in earnest, forming troops behind rock barricades, where they fought for seven hours, charging repeatedly and gaining ground at every charge.

A pack train arrived during the battle which the Indians attempted to capture, but were foiled in attempting. A rapid movement was then made with Gatling guns and howitzers to aid and the Indians were fired upon, shelled and driven from their positions. Everything is in hot pursuit after them.

Particulars of the Indian Fight in Idaho.

Following is a continuation of the dispatch from Gen. Howard: As the Indians reappeared, we followed them from the left bank of the river and closed upon them rapidly in every direction as far as the river, and are now across and going into camp at 7 P.M.

The losses of the Indians appear to be thirteen killed and quite a large number wounded. We have Captain Bancroft, Lieut. Williams and eleven enlisted men killed and twenty-four wounded.

The camps were abandoned in great haste, leaving much plunder. The Indians fought as well as any troops I ever saw, and so did our men, not a man failing in duty.

I now believe that I am in fine condition, just as soon as Green appears from Boise, to make thorough work with these Indians; they are making for the Snake country, and I for concentration at Mount Idaho.

Troops have never done harder or more rapid camp-organizing or better fighting than these.

VICTORY AHEAD.

The difficulties existing heretofore within the Democratic party in San Francisco have at last been satisfactorily adjusted and arrangements made for a Nominating Convention and the selection of a new County Committee, which seem to give satisfaction to all concerned. According to Thursday's *Examiner* this presages victory for the Democracy at the ensuing election:

Last evening at the adjourned meeting of the Democratic County Committee, of which Mr. A. J. Griffith is Chairman, the resolution to accept and abide by the propositions of the State Central Committee was adopted by a large majority. This very commendable action on the part of the County Committee clears away all difficulty, and we have now no doubt of a complete victory for our ticket in San Francisco at the September election. With a good, strong, popular ticket, the Democracy are bound to triumph, and we are confident that such a ticket and none other will be put forth from the Nominating Convention. Now that harmony has been restored by this compromise of the only trouble which beset the party in this city, and unity of action is assured, the wholesome effect of the conciliation will be felt, not only here, but throughout the State. It will cheer and encourage the Democracy of every other county in the campaign duty before them, and the happy result will be a victory so fruitful to ourselves, and so overwhelming to our enemies, as to place our party in almost undisputed possession of every avenue by which to achieve a more signal triumph at the next State election. With a good ticket in this city the Democracy will sweep the field. We repeat our expression of confidence that none other than a strong and popular ticket will be nominated. It should be the pride, as it is the duty, of all concerned, to take good care that the ticket shall be unexceptionable.

What a Pen Would Do.

A rapid penman can write 30 words in a minute. To do this he must draw his pen through the space of a rod—16½ feet. In forty minutes his pen travels a furlong, and in five hours and a third, a mile. We make on an average, 16 curves or turns of the pen in writing each word. Writing 30 words in a minute we must make 488 to the second; in an hour, 28,800; in a day of only five hours, 144,000, and in a year of three hundred days, 43,200,000. The man who made a million strokes with his pen in a month was not at all remarkable. Many men made four millions. Here we have, in the aggregate, a mark three hundred miles long to be traced on paper by each writer in a year. In writing each letter of the ordinary alphabet we must take from three to seven strokes of the pen—or an average three and a half to four.

Democratic Primaries

—AND—

COUNTY CONVENTION.

At a meeting of the Democratic Central Committee held in Woodland June 23d, 1877, it was ordered that Primary Elections be held in the several precincts in Yolo County on SATURDAY, JULY TWENTY-EIGHTH, to elect Delegates to the Democratic County Convention, to be held in the Court House in the Town of Woodland, on

Monday, July 30th, 1877,

At One o'clock P.M., to select Candidates for County Officers and transact such other business as may be necessary and proper.

The Primaries shall be held at each of the Precincts of the County, and the Polls shall be opened at 2 o'clock P.M., and remain open during the day. Each Precinct is entitled to the following number of Delegates, based on the votes cast at the last Presidential election, giving one vote for the precinct and one for every 25 votes, and one for a fraction of 25 over 12 votes:

Washington	5	Cacheville	4
Merritt	2	North Grafton	4
South Putah	2	Fairview	2
North Putah	6	East Cottonwood	5
Buckeye	9	West Cottonwood	4
Quicksilver	1	East Grafton	6
Woodland	17	West Grafton	3

The following "test" for voters was adopted: Every registered voter, or person entitled to registration, who voted for the Tilden and Hendricks Electors at the last Presidential election, or who would have done so had he voted, shall be entitled to vote at such Primaries.

The Democratic voters assembled are authorized to appoint the Officers of the Primaries.

HAYES—HIS POLICY—THE REPUBLICAN LEADERS.

Says the Cincinnati *Commercial:* If Hayes cannot rally to the help of the Republican party the better classes of citizens, disgusted and made resentful by the rings and machines which were the ruling forces under Grant, the party can be tucked away in the graveyard prepared for the political organisms that have completed their destiny. Hayes has ceased to garrison State-houses. It was an indispensable step, and we suppose Blaine will hurl his thunders upon him for not in some mysterious way avenging Andersonville. If Grant did not punish Southern political murderers, how is Hayes to? Grant gave up Mississippi and Alabama to the Democrats, who were provided with shot-gun arguments, and he knew, and said, the State House garrisons could not be maintained in South Carolina and Louisiana. Why, then, howl at Hayes for what he has done? If Hayes has a Southern policy, it is simply that the war is over. Reconstruction may be a failure. He wasn't Abraham Lincoln, Thaddeus Stevens, Andy Johnson or U. S. Grant. Accepting the Southern situation, Hayes addressed himself to the work of reforming the civil service. This work thus far is imperfect. It has been marred to some extent by the existence of a few political and personal influences that Hayes has not had the strength to ignore or to overcome. There are even incidents of absurdity, but there is a straightforward movement after all—a comprehensive and definate resolution to separate party machinery from Federal office-holding and improve both; and those who are chattering contemptously of this, mistake the fiber of the President and the temper of the people.

THE REPUBLICAN CONVENTION.

This body met at the time appointed, did its work (only in part, however,) and adjourned. As a representative body of men they certainly had the appearance and gave evidence of intelligence and respectability. But why did not the Convention complete its labors and nominate a full ticket? Perhaps the proceedings, elsewhere given, will afford an explanation, which seems to be that candidates could not be found who were willing to be set up and then to be knocked down by their opponents. This is evidence of conscious weakness. As a whole, the Convention was tolerably harmonious. There was some "bucking," however, notably on the part of C. P. Sprague, Esq., who refused to accept a nomination for District Attorney, declaring that he would not endorse the resolutions, and furthermore that he would run for District Attorney on an independent ticket. As regards the leading offices—Sheriff, Clerk and Register—the present incumbents were nominated with great unanimity. Of this we shall have more to say hereafter. Wagstaff remarked that the Senatorial delegates were about a standoff as between himself and Mr. Reed, but the opinion generally prevails that the latter has all the delegates, with possibly one or two exceptions.

AXTELL.

The New York *Sun's* Washington special July 13th, says: Axtell's conversion to Mormonism is likely to cost him his place as Governor of New-Mexico, and break the Ring which the *Sun* attacked two years ago. Fredrick Loekley, editor of the Salt Lake *Tribune*, writes as follows on this subject: When he (Axtell) arrived at Salt Lake as Governor of Utah, the leading priests received him and carried him to a Mormon hotel, where his board and whiskey bill, amounting to $900, was paid by the City Council. He took a disgraceful part in the Indian uprising, and is believed to have conspired with the Mormon priesthood against the lives of Gentile settlers.

APPRECIATES THE DIGNITY OF HIS POSITION.

James J. Ayers, Esq., one of the original proprietors of the San Francisco *Morning Call*, at present editor and manager of the Los Angeles *Evening Express*, has been solicited to become a candidate for the Legislature from that county; but Mr. Ayers, with that true independence which should characterize a newspaper editor, declines the invitation. His card of declination, which we append, shows that Mr. Ayers appreciates the true dignity of his position as an editor. He says in his paper: "I can be more useful to the people in my present position than in any to which they could elect me. A journalist always confesses a weakness when he seeks office. He is either justly unappreciated by the public, or fails himself to understand the true dignity of his calling. Although the position of legislator is one of great dignity, the position of the journalist who exercises his faculties conscientiously and successfully is infinitely above that of the ordinary Assemblyman." That is just the way to talk it. The journalist who is true to the interests of the people can be more useful to them through the columns of his paper than in the Legislature. Of course there may be exceptions to this view; but we believe with the *Express*, the Colusa *Sun* and other journals which we cannot now call to mind, that the position of the true journalist, if appreciated and successfully occupied in the interests of the public, is at least one that should debar him from public offices. If an editor wades into the "filthy pool" how can he expect to keep his skirts clean? No, brethren of the press, our true position is to watch others and see that they serve the people faithfully.

THE TELEPHONE IN SAN FRANCISCO.

On Saturday last an experiment was made with Bell's newly invented telephone, (which transmits sound by telegraph,) and the *Call* says it was not only successful but very interesting. The instrument was put in operation between Mr. Gamble's cottage at Piedmont, and the hotel parlors, a distance of about four hundred feet. The experiment was made over a single number six copper wire, with ground plates at each end. Communication was carried on successfully for an hour or two, the words passing plain and distinct. The different speakers could be distinguished by their voices over the wire. The music of a piano could be plainly heard and the tune distinguished. No battery was used. The instruments were brought out by Mr. Geo. S. Ladd, President of the California Electrical Works, who will take pleasure in exhibiting them to any one interested.

OUR TIME COMING.

Last year, says the *Evening Bulletin*, they had a very dry season in China. Now they are having a very wet one. The same meterological conditions are observable in India and Australia. The last accounts from both these regions conveyed the intelligence of heavy rains. Under the same rule we ought to have a very wet winter this time. The drought movement seems to have been from west to east. It was first heard from in India; then in China; and lastly on the Pacific Coast. In two of these places heavy rains have followed the drought of last season. Our time, if the series holds out as far as rain is concerned, is yet to come. Against this theory there is only one fact—that a season of seven inches once followed a season of ten inches. But this fact has only weight in the meteorological theory of cycles, in which every one more or less believes, but which nobody has as yet been able to demonstrate.

COUNTY OFFICERS' SALARIES.

The Auburn *Herald* gives the amounts as given by the officers themselves that each county office in Placer county nets its holder. The Sheriff receives all told about $10,000 per annum, of which, after he pays his deputy and jailor and traveling expenses, he has left under rather than over $5,000. The Recorder's salary is $3,000, out of which he has to pay a deputy, leaving him net from $2,000 to $2,200 per annum. The County Clerk's fees and salary for the last year amounted to $3,098 83, out of which he has paid for help $980, leaving him net per annum $2,118 83. The Treasurer receives $2,000 a year, and needs no deputy. The County Judge receives $2,000 per year, and does his work himself. The School Superintendent receives $1,200, and the District Attorney's salary and fees this year under Bullock amounted to $2,500, being perhaps less for this office than for years previously.

WHITES NOT ALLOWED CITIZENSHIP.

According to the Oakland *Transcript*, in Siberia, the African Republic, they have just voted down a proposition to amend their Constitution so as to confer the rights of citizenship upon white men. They are perfectly right. White men who should seek such a privilege are the very men who would cause the most mischief. They started in to have a negro republic, and there does not appear to be any good reason for giving up that idea. In America, white men assume to be the superior race, and if they are they have nothing to fear from the African, though he possesses political rights. If the Liberia negroes felt themselves superior to white people, they would not be afraid of them.

This leading country Democratic journal has started upon its twenty-second volume. With Captain Gift as its proprietor and editor, the *Reporter* occupies a deservedly high position, and it bears the evidence upon its face of substantial patronage.

REPUBLICAN COUNTY CONVENTION.

GRAND RALLY OF THE CLANS.

Nomination of a Full County Ticket.

THE RESOLUTIONS, ETC.

The streets of Woodland presented a very lively appearance yesterday forenoon owing to the Assembling of Delegates appointed from the different precincts, to the Republican Convention. A vast amount of buzzing and button-holing was done, and apparently connubiating was the order of the day. While it was evidently the desire of all to create the impression that everything was as smooth and calm as a summer sea, yet, to an adept in political manipulation, a strong undercurrent of dissatisfaction and chafing the collar was very apparent. The aspirants for the different offices were nearly all on hand, and it was apparent that a deep and earnest feeling permeated the whole street.

Wagstaff, the urbane, and Reed, the genial, were promptly on hand, the star of Reed evidently in the ascendant from the first. Sam. Mering, an aspirant for the nomination to the Assembly, was in town early, and actually went so far as to have his boots blackened, a very strong evidence that Samuel meant business. Bill Dadd, the Scribe, from the classic vicinity of Madison, was also on hand with a solid delegation from West Cottonwood, but with gloomy brow and eyes rolling in fiery frenzy at having been bulldozed by some of his pretended friends.

The aspirants for the different county offices each advocated his cause in his own way, the whole machinery being engineered by that most astute worker in the lot, who moulds the work and furnishes the brains of the party—the silent, astute, inscrutable Dan. "Tam O'Shanter," the smart correspondent of the *Mail*, from Winters, was also on hand, and his personal appearance was quite in keeping with his writing. Even "Rebecca" appeared, and was endeavoring to assist the waning cause of her friend "Bill Dadd."

At two o'clock P.M. the Convention assembled at the Court House and went into permanent organization by selecting W. S. Williams of Davisville as Chairman, and R. H. Newton as Secretary.

The resolutions adopted by the Con-Convention endorse the policy of the present administration, assert belief in the reduction of taxation, contain protestations of honesty, etc. They would have been published here entire if a copy could have been procured.

An assessment was levied of and dollar for each delegate and five dollars for each candidate whose name should be placed before the Convention for nomination.

The Buckeye delegation, though their spokesman, O'Shanter, declined to respond with their dollar each, as they had been at great expense in getting to Woodland, and perhaps were a little "short" anyhow.

After the organization was completed the next order of business was announced as the nomination of a candidate for Assemblyman. Gen. Marden, of Davisville, and H. W. Atwell, of West Cottonwood, were placed in nomination. Upon the ballot being taken, Mr. Marden, having received a majority of votes, was declared the nominee of the Convention.

Carey Barney was nominated for Sheriff by acclamation, there being no opposing candidate.

D. M. Burns present incumbent, and E. E. Perkins of Capay were placed in nomination for County Clerk. The result of the ballot was in favor of Mr. Burns. Mr. Perkins receiving fourteen votes, a very fair showing for the first trial.

John A. Hiller, present incumbent, was nominated by acclamation for re-election for the office of Recorder.

J. K. Smith of Woodland, was nominated by acclamation for the office of Treasurer.

A resolution referring the nomination of District Attorney to the County Central Committee was laid on the table. Mr. C. H. Garoutte was placed in nomination, and positively declined. Mr. C. P. Sprague was placed in nomination, but declined, announcing as his reason for so doing that he would not endorse the resolutions, and that he intended to run for the office independent of party. In other words, he is to be an Independent candidate for the office of District Attorney.

W. H. Ludden, of Woodland, and L. W. Brown, of Cacheville, were placed in nomination for County Surveyor, which resulted in the nomination of Mr. Ludden.

Nominations for School Superintendent being next in order, said nomination was referred to the County Central Committee.

Nomination for Public Administrator referred to Central Committee.

Coroner, same order, Nick Schardin declining to run.

The names of the six delegates to the Joint Senatorial Convention to assemble at Woodland on the 2nd day of August next, was as follows: Messrs. E. Comstock, S. M. Enos, Robert Roberts, S. S. Chandler, and D. B. Hulburt, from the different Supervisors Districts, and Mr. C. E. Greene at large.

The following gentlemen were chosen as members of the County Central Committee: I. N. Hoag, W. S. Williams, J. C. Smith, J. E. Maltby, S. N. Mering, L. Deitz and J. R. Day.

[The thanks of the "DEMOCRAT" are extended to the presiding officer, Mr. Williams, and to the Convention, for courtisies shown our reporters during the session of the Convention.]

Siege of Kars Raised.

LONDON, July 16.—A correspondent with the Turks telegraphs from Kars July 12th, that the Russians have completely withdrawn from the siege. Their batteries show traces of the accuracy of the Turkish fire. The Turks have a very fine force of men in excellent spirits and are very confident. I doubt the possibility of Russia gaining any more successes on this side this year.

A correspondent with the Russian army telegraphs from Faim, July 12th: To-morrow we shall fall back some distance towards Alexandropol for sanitary considerations.

Eight thousand bombs have been fired at Kars, at an expense of a million and a half of roubles, and three Russian officers and 160 soldiers were killed. The siege guns go to Alexandropol. The army is slowly retiring.

The Albanians, Circassians and Leschians are in full rebellion, and have killed many thousand Russians.

Nicopolis Captured.

LONDON, July 16.—St. Petersburg dispatches say: Russians from Sistova made an assault in heavy force upon and captured Nicopolis this morning.

Russian Repulse.

CONSTANTINOPLE, July 14.—Ismail Pasha telegraphs: On Tuesday twelve battalions of Russians endeavored to relieve Bayazid. We defeated them, and drove them to Karaboulaka, with a loss of 600 killed, a quantity of provisions, 20 baggage wagons, and their entire ambulance train.

Atrocities by the Bulgarians.

NEW YORK, July 16.—Dispatches from London say the British Consul in Bulgaria confirms the reports of atrocities committed upon the Mussleman population by Bulgarians. Old and young men were massacred without remorse, while women and girls were horribly mutilated.

The Porte charges the Cossacks with sacking villages near Rustchuk, murdering males and violating females.

London "Review" on English Neutrality.

LONDON, July 16.—An article in the *Quarterly Review* is exciting general attention. It is devoted to exposing the gross fallacy of those who set aside the national morality—in other words make the Bulgarian atrocities a plea for neutrality. To trust Russia to leave Constantinople after she entered it, having broken one half of her agreement with Turkey in 1871 and renounced the other half, is to trust in the reasonableness of a pirate.

The Capture of Nickopolis.

LONDON, July 17.—A correspondent at Turna-Magavelli who witnessed a portion of the operations by which the Russians surrounded Nickopolis, says: The garrison numbered 6,000 men with forty guns and surrendered to the Russians. Loggen and Achmet Pasha, who were in command were taken prisoners.

An official dispatch of an eye witness says that Aab Pasha has attacked and defeated the Russians under Duke Nicholas, causing a loss of 1,200 men.

Russian and Bulgarian Atrocities.

SHUMLA, July 17.—Horrible massacres have been committed by the Russians and Bulgarians at Tiernova, Grafora and Tryana on the Mohammedans. Children and old men were coolly slaughtered and the women violated and carried off.

Persian Aid to Russia.

ERZEROUM, July 17.—The Turks seized a Persian caravan with provisions for the Russian reserves in the district of Bayazid.

Russians Menacing Constantinople.

CONSTANTINOPLE, July 17.—It is reported that eighteen Russian battalions passed Shipka through a defile in the mountains, and are now before Jenisaghia. The Turks are concentrating to oppose the further advance.

July 14th Raur Pasha was at this important point and the Turks were resolutely trying every likely defile. It is hardly probable that eighteen battalions could have passed or eluded Raour Pasha without news being received of it.

ST. PETERSBURG, July 17.—It is officially announced that the advance guard of the Russians passed the Balkans on the 13th without firing a shot.

LONDON, July 17.—Official telegrams contradict private telegrams stating that the Russians have crossed the Balkans, and declare that only a few scouts have crossed and they were easily driven back.

Railroad Strike.

BALTIMORE, July 17.—The employees on the Baltimore and Ohio Railroad struck yesterday on account of the reduction of their wages. The strikers stopped two freight trains and intimidated and beat one new fireman. The police arrested the ringleaders but a mob rallied and rescued their comrades from the police. No freight trains will leave to-night.

WASHINGTON, July 17.—The Treasury Department issued another call for the repemption of 5:20 bonds of the issue of 1865.

General Howard Not to Be Removed.

CHICAGO, July 17.—General Howard, owing to his late Indian successes, will be allowed to retain his position for the present.

Pardon Refused.

WASHINGTON, July 17.—The President yesterday refused to pardon the young New York lawyer who was sentenced to two years' imprisonment for getting out false naturalization papers, notwithstanding the fact that the petition was numerously signed.

Great Battle at Jeni-Soghin.

NEW YORK, July 17.—The *Herald* has a report of a great battle on Monday between the Turks and Russians at Jeni-Soghin, in which the former, under command of Leman Bey were victorious and drove the enemy back into the Balkans with heavy loss. The carnage was fearful. The Turks charged over heaps of dead bodies. It is impossible to estimate the losses.

Capture of Nickopolis.

CHICAGO, July 17.—A New York special's account of the capture of Nickopolis, says: The Russians were met by a severe artillery fire, to which they replied with a still more formidable fire. As the Russians approached frightful gaps were made in their ranks by the Turkish artillery. With surprising valor they continued to approach and opened a terrible fire on the Turks. For half an hour the military duel continued. About midday on Sunday the order for assault was given, and the whole Russian line, supported by several batteries of artillery, stormed the heights occupied by the Turks. During the awful climb in the face of the deadly fire the Russians suffered terribly, while the Turks, stubbornly defending their position, sustained an equal loss. The Turks finding their line of retreat threatened, abandoned the town, which was filled with Turkish dead. Many wounded were abandoned by the Turks in their retreat.

The Russians Again Repulsed.

CONSTANTINOPLE, July 17.—Ismail Pasha telegraphs from Bajazid, Saturday: On Tuesday twelve battalions of Russians endeavored to relieve Bajazid. We defeated them and drove them and to Karaboulake with a loss of 600 killed, a quantity of provisions, twenty baggage wagons, and their entire ambulance train.

Unexpected Success of the Four per Cent. Loan.

NEW YORK, July 17.—The *World's* Washington special says: The Secretary of the Treasury did not anticipate that the subscriptions to the four per cent. loan would exceed $20,000,000. At the close of business to-day they footed up $68,000,000, with New York, Philadelphia, St. Louis, Chicago, Cincinnati and New Orleans to hear from. The amount will probably be swelled to over $70,000,000.

More Tweed Ring Exposures.

NEW YORK, July 17.—Caroline O. Bryant, who was engaged for some time in efforts to promote Tweed's release on condition of a full confession and restitution of all property under Tweed's control, is about to publish in letters to Attorney General Fairchild some additional views beyond those heretofore given of Tweed and the Ring.

Bryant claims to have abandoned Tweed when there was abundant evidence showing that the latter was playing false, making fraudulent confessions and smutting the character of innocent persons, in the hope of thus purchasing immunity for himself and concealing millions of dollars of his illgotten gains, and while pretending that they had been lost in real estate depreciation or squandered in fighting Courts.

Byrant refers to Chas. O'Connor and Mr. Tilden as witnesses that he had been a consistent adversary of the Tweed gang, and only because of Tweed's agency to assist in effecting the absolute surrender of property among Tweed's disclosures to him, was a letter from Chas. O'Conor to Pinkeston's agency.

Large amounts Tweed claimed had been turned over to him for a bonus and liberal per diem.

LUMBER! LUMBER! LUMBER!

The Sierra Flume and Lumber Company

Having secured favorable rates of transportation are prepared to furnish lumber at prices that defy competition.

The lumber is manufactured from the very best timber in the high Sierras.

The Company has unsurpassed facilities for manufacturing and getting out lumber, having already in successful operation about 140 miles of Flume and thirteen powerful mills. The quality of the lumber is now admitted by all unprejudiced judges to be superior to most kinds in use on this Coast. Its present extensive use in the Sacramento Valley is good evidence of its merit.

Explanation of the Cannon Bursting.

WOODLAND, July 8th, 1877.

EDITOR WOODLAND DAILY DEMOCRAT :—You are aware that our usually quiet town was thrown into a state of terror on the night of July 6th by the frightful explosion that took place in the eastern part of town. And public opinion, right or wrong, clamors for the scalp of the perpetrator of the deed.

Now in justice to the parties engaged in the affair (being one of them myself), I would like to make a statement which I hope will quiet the feelings of those who believed themselves to have been injured intentionally: We, with the intention of having a little harmless fun, concluded we would fire off the cannon, so we proceeded to the ground where the gun lay, and after lifting her up and resting her against the old gun-carriage, the powder was poured in. Then the question was, what shall we use for wadding? Believing it to be dangerous to load it with dry material, on account of fire, we concluded to use clods, in the absence of anything else, so we gathered a few, dropped them in and tamped them lightly. After this we arranged a piece of fuse and touched it off. Then we walked rapidly away. We had placed but a few rods between us and the gun, when, to our dismay, the frightful explosion took place, blanching our cheecks and causing us to tremble with terror at what we had done. The fragments came screaming and tearing all around us. Not until then did we realize our mistake in using the dry clods, which we have since learned it is almost impossible to blow out.

Some prejudiced people try to make it appear that it was done for party purposes. This is a mistake, as both parties were represented in the affair.

Now what we want the public to understand is this: We never dreamed of harming any person or any thing, and we wish to say we have got enough explosion to last us a lifetime. So, as far as we are concerned, the people in town can retire at night, pull the cotton out of their ears and sleep soundly without ever again being disturbed by this

GUNNER.

Grand Jury Report:

In County Court, Yolo County, State of California, at its July Term, A. D. 1877.

TO THE HONORABLE THE COUNTY COURT :

We, the Grand Jury of said County, impannelled at the July term of said Court, 1877, make the following report:

We have examined all charges against persons who have been held to answer, and have found said charges sustained by the evidence with the exception of one, our action upon which is endorsed upon the deposition and herewith returned to Court. We have found six true bills, five for felonies and one for misdemeanor which are herewith presented for filing. We have investigated all public offenses to which our attention has been called and all charges against persons other than those held to answer.

We have examined the public buildings of said county, together with the public offices and find the same kept in an orderly manner. We recommend that the Board of Supervisors cause a doorway to be cut in the east wall of the jail yard in order that wood for fuel may be more conveniently introduced into said yard. We further recommend that the Supervisors of said county take steps to enlarge the County Hospital or to alter the arrangements thereof so as to secure a seperate department therein for female patients.

That we know of no other or further business demanding the attention of the Grand Jury and ask to be discharged. All of which is respectfully submitted.

C. L. BEACH,
Foreman Grand Jury.

Reliable Insurance.

It will be seen by the card of Hyman & Sussman in to-day's paper, that the Home Mutual Insurance Company and the Royal Canadian Insurance Company continue to pay their losses promptly and in full, thereby maintaining their reputation for prompt and liberal adjustments. We notice that the losses of the Royal Canadian by the St. John fire are being rapidly adjusted, which fact taken in connection with their deposit of $100,000 with the Insurance Commissioner of California, renders it one of the safest companies to do business with, and merits for them a liberal amount of patronage. Geo. D. Fiske, Postoffice Block, is the agent and prepared to issue policies on good risks at reasonable rates.

When Lodge Meets Lodge, then for a Good Time.

On Wednesday evening, by invitation of Success Lodge, No. 166, I. O. G. T., of Knights Landing, a large number of members of Woodland Lodge, No. 237, I. O. G. T., went over to that town in private conveyances—a regular moonlight excursion, at least one way, and of course for two such companies to meet was to enjoy themselves hugely. After the hall exercises, refreshments were served and social intercourse filled up the evening. Doubtless a return invitation will ere long be extended to Success Lodge, when Woodland will not be behind hand in the quality or extent of her hospitalities.

Madison Items.

The Winters *Advocate* of July 14th gives the following:

Messrs. L. D. and Joseph Stephens are making a large addition to their already large warehouse, the building, when completed, will be 240x40 feet and capable of storing 5,000 tons of grain. They are talking of making still other additions, notwithstanding the light crop.

Messrs. Wotten and Sons will have their mill in operation in about two weeks, the machinery being now placed in position.

The Railroad Company have built a temporary bridge across Cache Creek, for the benefit of farmers living in Hungry Hollow.

A brewery is one of the things expected in Madison in the near future.

Dr. W. C. Harding, dentist, has established an office in Tutt's Hotel.

The addition to Hillker's Hotel is nearly finished.

There has been shipped from Madison thus far in the season, 62 car loads of grain, R. H. Newton & Co. shipping 50 and the others 12. There have been 12 car loads shipped by Newton from Scott's Station.

About Holland's Death.

Mrs. Sarah A. Carter, of Sacramento, has received a letter from Pyramid Lake, Nevada, giving the following particulars of the murder of her brother, B. F. Holland and a man named Carter: "At about half-past 10 o'clock on the night of the 30th of June, B. F. Holland was shot and instantly killed by a party of robbers. Four strangers from California rode up to the agency office at that hour. Mr. Holland and a gentleman named Carter had not yet gone to bed. Mr. Holland went out of doors when they immediately ordered him to throw up his hands. Carter rushed out, when the murderers fired, killing both men instantly, but Carter was able to fire once, wounding one of the gang. The dead bodies were discovered next morning at sunrise and the settlers at once started in pursuit. The wounded murderer has been overtaken and arrested and the settlers are still on the track of the others.

A Valuable Acquisition.

Mr. D. R. Boulton, of Marysville, of the new firm of Spence & Boulton, successors to E. Bynum & Co. of this city, arrived here on Monday. He intends to make Woodland his future home and with his family will be a valuable acquisition to our city. Spence & Boulton have one of the best selected and most complete stock of drugs, medicines, paints, oils, liquors, tobaccos, cigars, etc., in the interior of the State. Our reporter has tried the Bon Ton cigars and pronounces them first-class. This firm has the sole agency. We bespeak for them a share of the public patronage.

O. K. S. B. Installation.

The newly elected officers of Myrtle Lodge No. 11, O. K. S. B. of Woodland, were duly installed on Tuesday evening by S. H. Simon, of San Francisco, M. W. Grand President of the Grand Lodge of California, assisted by other Grand officers, and after the Lodge adjourned, a very pleasant time was enjoyed. Following are the names of the officers installed: President, J. Gosliner; Vice-President, S. Haines; Secretary, N. Honig; Treasurer, J. H. Cohen; Conductor, H Aronson; Inside Guardian, M. Hyman; Outside Guardian, L. Zirkay.

District Court—Denson, J.

An equity term of this Court commenced on Monday, when the following business was disposed of:

Manuel King Rodgers vs. Richard Jones—Judgment rendered dismissing the case on grounds of failure to answer within the time allowed by the Court and for costs of suit.

People vs. Michael Nolan—Indicted for murder. Arraigned and time allowed till September 7th to plead.

Lambert vs. Asberry—On trial.

Fall Races.

The following named persons have each entered a two-year-old colt for the Colt Race over the Woodland Race Track on October 20th, 1877: Newton Elliott, L. Dietz, Hank Hoffman, A. C. Turner, George Woodard, Thomas Adams, W. H. Ricketts, Horace Green, Lou Shock, Horatio Lock and Leroy Whitmore;—eleven entries, and a splendid field of colts—o that an interesting race may certainly be expected.

County Court.

The following persons indicted by the Grand Jury were arraigned in the County Court on Thursday as follows:

Joseph Summers—Incest—Granted till 1 P.M. or July 13th to plead.

Charles Craft—Burglary—Same as above.

August Nelson—Two indictments, Burglary and misdemeanor—Plead guilty. To appear on the 14th for sentence.

Letter from Lake County.

[By a Rambling Correspondent.]

LAKEPORT, July 13th, 1877.

EDITOR DEMOCRAT :—In noting the many attractions of Lake County, one should first give credit to the Creator of the Universe who has done so much to increase the general comfort and prosperity of his creatures.

With proper energy on the part of its citizens probably no county in the State would surpass Lake in a mineral and agricultural point of view, but in a region where so large a number of its settler are so primitive in their notions and so prejudiced against enterprise it requires time to make them see that they must fall in line with more enterprising localities than theirs and thus work out sooner or later its own salvation. I have seen in the valleys some of the finest wheat and corn I ever noticed in any place; while barley, oats, rye, flax, buckwheat, broom-corn, hops and all kinds of vegatables, grow in abundance, with no north wind to blow out and destroy any of these productions.

Then the vast deposits of quick-silver, sulphur, borax, lime and copper, will produce in time to come their stores of wealth.

The mountains are alive with all kinds of game; the brooks teem with delicious fish, and the ravines each contain some spring noted for their medicinal properties; thronged around are numerous campers from all parts of the country. This is a uniform climate, fanned by mild and most refreshing winds, fitted to the wants of man and his physical enjoyment.

Lakeport, at the head of Big Valley, is the chief town and county seat. There should be every encouragement to its inhabitants that it will soon rank with the most successful towns in the State. Lower Lake, twenty-five miles east, is of smaller growth, but can boast of one of the finest and most complete schoolhouses north of San Francisco. Kelseyville and several other towns which I have not space nor time to mention, are pleasant places of residence.

A RAIL ROAD NEEDED.

Now let us turn to what this county mostly needs by first asking why are its lands worth only $25 and $50 per acre, when poorer lands in many other localities, with nothing like the climate, command $50 and $100 per acre? Here is the answer. The markets are too far off and there is no means of transportation but by wagons. A great loss in the value of crops must occur by this slow method of lugging with teams over the rough mountain roads, and many things cannot be exported at all.

The people of Lake must have connection with the outer world by rail, and it is now concurred in by every practical mind that Yolo Co. must be the point at which a railroad from Lake and Mendocino will connect with the Sacramento Valley. I have conversed with dozens of the farmers and others, and they nearly every one concur in this statement, while they look to the completion of this enterprise as the happiest event of their lives.

Yours, ORLAND.

The Cacheville *Tribune*, a little sheet that it is well enough, perhaps, for its neighborhood to encourage in order that it may eke out a few weeks existence, has the cheek to proffer advice to the DEMOCRAT as to whom it should favor for President next time! Cool, isn't it?

Rev. James Logan, an old resident of Woodland, has returned to it again from a protracted residence in Illinois.

The citizens of Winters are to meet on Monday evening, July 16th, for the purpose of organizing a fire company.

County Treasurer Kean advertises that he has funds on hand to pay certain scrip. The interested can examine for themselves.

Matt. Deavison, held June 19th to appear before the Grand Jury, was discharged on Wednesday, no bill having been found.

Peter Haggerty was on Thursday admitted to citizenship in the County Court on the testimony of D. M. Burns and C. Barney.

Mrs. Metzger, a former correspondent of the DEMOCRAT, passed through Woodland a few days since on her return from the East.

In another column will be found the apportionment of school funds for the different school districts of the county.

A few nights since, as we learn from the *Tribune*, the store of Mr. Griffith, at Cacheville, was burglarized but no booty obtained.

Phil. McGovern, arrested yesterday for insanity was examined on Wednesday before Judge Bush, by Drs. Pierson and Ross, and ordered discharged.

Mr. J. F. Ragsdall finished up threshing his wheat last week and finds that it turned out very well. His winter-sown averaged 18 bushels to the acre.

J. W. Peek is making preparations to increase his pumping capacity at the Water Works in order to keep up with the increasing demand for water.

N. Grayson and family and Wash. Lambert and family started for the coast range mountains last Monday morning for a season of camping and recreation.

A pamphlet copy of the Fourth of July oration delivered on that day in San Francisco by Henry George is received. It is the best of all the orations we have seen.

Yesterday was an unusually quiet day even for a Sunday, not even a runaway, a row of any kind or even a dog fight occurred on our streets that our reporter heard of.

The team that was hauling brick for Burns & Dietz's new building ran away yesterday throwing the driver out and injuring him considerably though not seriously.

The kiln is now supplying plenty of bricks and as a consequence work has been recommenced on the new building of Burns & Dietz, corner of Second and Main streets.

Tells its own story—we mean the DAILY DEMOCRAT. The *Mail* may fling at our telegraphic dispatches if it pleases. They cost a good deal of coin and are appreciated by the public.

Mr. W. J. Clark with his family and a number of other families from Yolo, Colusa and other parts of the Valley, are spending the Summer at or near Prattville, in the Sierra Nevada Mountains.

Mossmeyer & Johnson have opened their new meat market next to Greene's Jewelry store. It is nicely fitted up in real city style, and will of course command a share of business in their line.

Supervisor J. C. Smith had improved sufficiently so that he was removed from Weyand's to his home at Knights Landing on Thursday. He will probably be around all right again soon.

Mr. David Schindler, our ex-County Clerk, who has for several months past been doing business in San Francisco, is in Woodland for a few days trying to get warmed up. Glad to hear he is prospering.

A bucking horse rode by Geo. Fiske, Jr., created considerable merriment on Friday by trying to throw his rider, and after several attempts he was entirely successful, to the amusement of the lookers-on.

A flying dutchman has been erected on the Turners' lot opposite the Court House, and the little folks are enjoying themselves in carriages and on horseback at 10 cents for twenty-five times round.

Dr. Mosher the celebrated Veterinary Surgeon, informs us by letter that he will be in Woodland in a few weeks. The Dr. has by repeated visits established an enviable reputation. His card appears to-day.

Mr. J. H. Holland has received a telegram stating that the murderers of his brother on an Indian Reservation in Nevada, a few days ago, have been captured. They will doubtless be dealt with as they deserve.

A fight occurred on Friday between Wm. Richardson and Jas. Campbell at Turn Verin Hall in which the former was severely punished. It seems to have commenced about a mule. Both parties were arrested.

Not a train passed over the railroad Sunday. This is the first time such an omission has occurred in many years. No mail will be received hereafter on Sunday until different railroad arrangements are made.

Read the new card of the Sierra Flume and Lumber Company, G. D. Fiske, agent. An examination and comparison of qualities and prices is invited. The lumber from this company comes from the Sierra Nevadas.

Trees with branches so low as to obstruct the light of the street lamps ought to be trimmed up high enough to prevent it. The light of the street lamp at the corner of Sixth and Main streets is seriously obstructed.

The Crosbie Troubadours complimented Ellis' Woodland Band by pronouncing it the very best in the State outside of San Francisco. We have no doubt the statement is correct, and the compliment is well deserved.

Among the occurrences at the Good Templars' meeting of Knights Landing and Woodland Lodges at the former place on Wednesday night was that of Mr. M. G. French being admitted as a member of the Order in full fellowship.

Sheriff Barney has returned from Nevada City, bringing with him F. Sanford, the individual who a few weeks since robbed George Seavey's safe in Washington. Sanford was indicted by the late Grand Jury of Yolo county for grand larceny.

Voters are requested to see that their names are on the Great Register, as this is the last month in which they will have a chance to get their names on the printed list. The County Clerk is now preparing the Register for the September election.

The pretty little bay Shetland pony, the "Earl of Chester," seen on our streets the other day in possession of Mr. Geo. Grayson, was imported by Mr. McKinley, of Dixon, is one of an extensive stud of the same breed owned by Mr. McK, and is valued at $1,000.

Rev. Mr. Langenbacker will preach in the German language at the Woodland M. E. Church on Sunday next at 2 P.M. All are respectfully invited.

Mike Bryte, the Sacramento Republican manipulator, took a very active part in fixing up the ticket for the Republicans in their Yolo County Convention.

Hon. Chas. F. Reed of Knights Landing was in the Republican Convention Tuesday. Also Mr. I. N. Hoag, of Washington, who is the agricultural editor of the Sacramento *Record-Union* which department is ably managed.

Mr. Chas. H. Clapp of Madison, is making arrangements to start a weekly paper at that town about the first of August. Mr. Clapp has had considerable newspaper experience and will get up a good paper, probably independent or neutral in politics.

Mrs. and Miss Chase started for a buggy ride Tuesday morning when the horse became unmanageable opposite Masonic Hall, ran away and threw them both out of the buggy. Fortunately they were not seriously hurt, but were of course a good deal frightened.

The *Mail* concludes its mention of the Republican Convention—"We enter our solemn protest against any and all such proceedings," * * * "and when we know that justice has been robbed of her just dues, we arm ourselves with the sword and shield."

We dropped into the handsome new meat market of Thompson & Mossmeyer and found it to be fitted up with great taste and neatness and also with a view to convenience. A cool, air-tight room inside keeps the meat fresh and sweet. Their card appears to-day.

Lieutenant Hutton, of the regular army, son of the late Judge Hutton, and who for sometime past has been stationed at Fort Yuma, Arizona, is now encamped with his company, under command of Capt. Wells, on Angel Island, on the way to the Indian war in Idaho.

Major S. F. Freeman, of Woodland, says the Willows *Journal*, has purchased the commodious warehouse owned by Col. William M. Rackerby, who has left us for his home on the Sacramento, much to the regret of the people of Arbuckle, as the Col. is held in high esteem.

We have received from Rand, McNally & Co., Chicago, a copy of their new war maps, the best yet out—showing a new scale map of Turkey in Europe and another including Turkey in Europe and Asia on a smaller scale. The retail price for both (on same sheet) is 25 cents prepaid.

There were several newspaper men present at the Convention Tuesday. We noticed besides the representatives of the local journals I. N. Hoag, of the Sacramento *Record*, W. O. Warnock, of the Winters *Advocate*, S. M. Norton of the Cacheville *Tribune* and Charles H. Clapp, of the (to be) Madison paper.

The sons of Mr. John Taylor captured a scorpion the other day among their grain sacks near Cache Creek, and have preserved it in spirits. It showed fight when captured and would raise its tail over its back and strike in every direction around its body. The curious may see it at Bentley's saloon.

Almost a runaway occurred on Main street on Friday by a team attached to a carriage. The horses in some way became detached from the vehicle and ran a short distance, bringing up in attempting to pass a hitching post one on each side. One of the horses had his mouth hurt by drawing the bit through it sidewise.

The Postmaster of Woodland has received a letter from Mrs. P. C. Crandall, of San Francisco, which she wishes delivered to a Mr. Fowler who lives on a ranch near Cacheville. She does not say what Fowler, and the P. M. does not know who it belongs to. There is no address on the letter but a request as above in a note to the Postmaster.

MISS MOLLIE MURPHY, successor to Mrs. R. W. Murphy, 155 J street, Sacramento, is constantly receiving new novelties in Millinery, Straw Goods, fine Flowers, etc., from New York and Europe. Special attention paid to orders sent directly to her. Ladies would do well to try for themselves, and satisfaction will be guaranteed. 29

A communication will be found in our local department explaining the bursting of the Democratic gun the other night. It is a candid, straightforward statement of the affair and we have no doubt is entirely truthful. If the parties engaged in it will take the matter in hand and start a subscription for the purpose, or get others to act for them, no doubt a new cannon can easily be procured to replace the one destroyed.

Mr. R. L. Beamer has accepted the tender made him by the Town authorities of $400 as damages to his property caused by the opening of Second street, and will vacate the ground within a short time. The building on the ground is occupied by Mr. J. Q. A. Clark as a winery and brandy distillery, and the vacation of the premises will cause Mr. Clark considerable trouble and expense, and much inconvenience; still it is a necessity.

The concert Monday evening for the benefit of the blind boys, Luke Andrews and Charles Knoblock was well patronized, passed off very pleasantly and must have netted the beneficiaries quite a handsome sum. The programme was too long, however. Twenty to twenty-five pieces would have been enough, but here there were over thirty. None could complain, if disposed to, that they did not get more than the worth of their money.

Shocking Accident.

Last Friday afternoon, says the Solano *Republican*, a shocking accident occurred on Charles Ramsey's place in Green Valley. William Piller a foreman on a threshing machine, a very large and powerful man, fell into the cylinder and lost a leg. He was on top of the separator oiling the machinery, when he carlessly attempted to kick away some straw that was clogging the movement of the machine, and, losing his balance, one foot slid into the separator. His foot and leg were chopped and smashed to a pulp in the rapidly revolving concave. He evinced remarkable presence of mind by bracing himself as well as possible when he found himself going, and subsequently in cooly directing his terrified co-laborers as to how he could be extricated, and by giving every order in detail. A messenger was dispatched to Suisum for Dr. Chapin, but he being absent, Dr. Downing was summoned, who repaired to the scene of the accident and amputated the limb five inches above the knee. The man is now getting along finely, and being a large and healthy man, full of vigor, his recovery will probably be speedy.

Quick Work.

The Chico *Enterprise* of the 7th instant is responsible for the following story: On Tuesday a feat in harvesting was successfully carried out on the Rancho Chico. At a quarter to 5 o'clock, the usual time for the hands commencing work, the hands were on the ground about two and a half miles from town, and at five minutes to 5 o'clock the first header wagon brought a load to the machine, which was put through and sacked. The first two sacks were put in Abram Bidwell's buggy and carried to the Chico mill, where it was put through the cleaning process and made into flour. At half past 6 o'clock we received a portion of the flour, and at a quarter before 7 o'clock we sat down to our breakfast to eat nice biscuit made from the flour. We know that the feat can hardly be credited, but even that can be improved upon, and at least three-quarters of an hour gained on the time. Our Eastern neighbors may think we are exaggerating, but every word is true.

BORN

In Davisville, July 10th, to the wife of I. C. Steele, a Daughter—No. 13.

DIED

At Cacheville, July 13th, Charles N. Lyford, aged 41 years—a native of Philadelphia. He leaves a wife and four children.

At Cobb Valley, July 10th, Wm. Ogburn, of Woodland, aged about 30 years.

Destructive Fire at Marysville.

MARYSVILLE, July 16.—A destructive fire broke out at 1 o'clock this morning in the freight depot of the California and Oregon Railroad Company, on A street. The entire fire department was called out, and the firemen worked with zeal. Within an hour the fire had spread the entire length of the freight depot, one block in length. A heavy south wind prevailed, and in spite of all the efforts of the fire department, it soon had the seventeen flat and box cars which were alongside of the depot in flames, some of them being filled with merchandise and lumber. The flames were carried from them across A street and caught in a row of one-story frame and brick buildings on the west side. From here it ran north and caught the Denton House, a large two-story brick building at the corner of A and Seventh streets. Fortunately the flames were stopped at Seventh street. The scene of conflagration was the most wild and terrible that has visited the city in many years, the streets being filled with furniture and goods. The city has a right to be proud of her Fire Department, which did such good work. The fire lasted for four hours, and the engines did not cease to play until 7 o'clock this morning. The total loss will amount to $75,000. The fire was discovered in the freight depot, and was undoubtedly the work of an incendiary. It is evident that an organized effort was made to burn the city. A wrecking train arrived this morning, and is now clearing away the debris from the railroad tracks.

Boston Wool Market.

BOSTON, July 14.—In the wool market the demand during the past week has been active. The receipts were the largest ever recorded, amounting to 5,500,000 pounds of domestic add 1,000,000 pounds of foreign. Sales of Ohio, 240,000 pounds medium and X at 46@48c; choice lots of No. 1 at 49@50c; XX, 50c; XXX, 51c. Michigan attracts considerable attention; sales of 476,000 pounds. Prices range principally from 43@45c. for choice X and No. 1 selling as high as 49c.: 42@46c. is considered a fair range of prices for all grades. A lot of 15,000 pounds of selected Wisconsin sold at 47c, and 37,000 pounds at an average of 43c. Sales of New Hampshire aggregated 10,000 pounds at 41@45c. Combing and delaine are in demand, and all available lots are taken at full prices. Some large mills contracted for all they could obtain for some time ahead. Transactions have been: 457,000 pounds washed at 51@55c; unwashed, 38½@42c. Pulled has not been sold to any extent; sales 139,000 pounds at 35@45c for super and X. The market is firm. Texas attracts considerable attention; sales of 175,000 pounds, a large part of which was sold at a range of 32½@37c. The demand for California has been active, and the Spring clip is rapidly disappearing. Sales of Spring, 887,800 pounds, at 23@38c, mostly in the range of 30@38c. Sales of Fall, 114,000 pounds, at 16@20c. One small lot of 14,000 pounds sold at 25c.

Draining the Zuyder Zee.

Some interesting statistics are furnished by the European press respecting the draining of the Zuyder Zee. A dam forty kilometers (24¾ miles long), fifty meters broad at its base and one and one-half metres above the usual level of high water, is to be carried across the gulf. Upon this will be erected pumping engines capable of discharging 1,716,000,000 gallons a day. Estimating the average depth of the gulf at about four and one-half meters, it will take steady pumping for sixteen years to empty the inclosure. The cost of reclaiming the 500,000 acres now under water is estimated at about $67,000,000. It is confidently expected that about 440,000 acres will be suitable for agriculture, and can be sold at an average price of $800 an acre.

Mad as a Hornet.

It was evident from the manner and diction of Mr. H. W. Atwell, in response to his being placed in nomination before the Convention yesterday for the Assembly, that he was in that peculiar frame of mind in which a man will naturally be when he is concious of having been bulldosed. Bill knew he was beaten and he knew that prominent gentlemen who had been recreant to their promises of two years ago were the cause of it, and we do not blame him for his feeling remarks on the occasion. General Marden is a good selection, but Atwell deserved the nomination.

From a Physician.

Hyde Park, Vt., Feb. 7, 1877.

Messrs. Seth W. Fowle & Sons, Boston.

Gents—You may perhaps remember that I wrote you several weeks ago in regard to the use of the "Peruvian Syrup" for my wife, who was suffering from general debility, the sequence of Typhoid Dysentery. I had tried the most noted physicians in this State, and also in Canada without relief. At your recommendation she commenced the use of the Syrup, the first four bottles made but little impression, but while taking the fifth she began to improve rapidly, and now, after using six of the dollar bottles, she has regained her strength and is able to do most of the work about the house; and I feel that I cannot speak too highly in praise of the "Peruvian Syrup." I have prescribed it to several of my patients, and have procured the sale of several dozen bottles of it here. You can make any use of this letter you see fit. Yours very truly, H. D. MELDEN, M. D.

A Fragrant Breath and Pearly Teeth

Are easily obtained by cleansing your teeth daily with that justly popular dentifrice, SOZODONT. Composed of rare antiseptic herbs, it imparts whiteness to the teeth, a delicious aroma to the breath, and preserves inact, from youth to old age, the teeth. Acidity of the stomach will destroy the strongest teeth unless its effects are counteracted with SOZODONT, and this pure toothwash protects the dental surfaces by removing every impurity that adheres to them. Ask your druggist for SOZODONT.

"It's Only a Cough"

Has brought many to untimly graves. What is a cough? The lungs or bronchial tubes have been attacked by a cold; nature sounds an alarm bell telling where the decease lies. Wisdom suggests, "Try Wistar's Balsam of Wild Cherry;" it has cured, during the last half of a century, thousands upon thousands of people. As long as you cough there is danger, for the cough is a safety valve. Use "Wistar" and be cured. Sold by all druggists.

Thursday, July 19th, 1877.

General News Items.

Hereafter there will not be any lightning express run to Virginia City on Sunday.

Over $7,000 has been raised in San Francisco for the relief of the sufferers at St. John.

H. Y. Stanley has been nominated for the Assembly by the Republicans of San Luis Obispo county.

The *Pacific Life*, the best paper of its class ever published in California, has just completed its second volume.

President Hayes has appointed nineteen women to the office of postmistress, and some of the offices are very important.

A call for $10,000,000 on account of the Syndicate loan was issued from the Treasury Department at Washington July 5th.

On the Fourth at Woodstock, Connecticut, Senator Blaine, ex Governor Chamberlain and others made political speeches.

The Ohio Democratic Convention meets at Columbus July 25th. Six names are already on the list for nomination for Governor.

In an altercation at Lockford on the 4th between Ellison Cahill and John Griffin, the latter was stabbed by Cahill, dying instantly.

Another rotten institution, the Charter Oak Life Insurance Company, of New York, has collapsed. There is a deficit of only $2,000,000.

James R. Dollar and Wm. Russell, the Calistoga stage robbers, were sentenced to imprisonment for nine years each in the State Prison.

The Healdsburg *Enterprise* has a great deal that is complimentary to say of the Hon. J. K. Luttrell's address at that place on the Fourth of July.

A man named James Cough was burned to death in a house destroyed by fire in San Jose on Monday morning. He was drunk and could not be aroused.

Mrs. Cornelius Thorn was fatally poisoned Monday at Victoria, B. C., by thoughtlessly using a spoon which had been employed to mix strychnine for rats.

Mrs. Mary M. Anderson, the wife of Andrew Anderson, a saloon keeper at the Racine House, San Francisco, committed suicide by hanging on Sunday last.

There are over 7,000 applications filed at the State Department at Washington for appointment as Consul, although there is but one salaried Consulship vacant.

The indications are that about one hundred Democratic members of the next House will be at White Sulphur Springs between the 5th of July and the middle of August.

It is rumored that the King of Dahomey, after paying indemnity to the British Government, has determined to make a human sacrifice of 500 of his men to the Fetich.

Phil. Roach is favorably mentioned as being the leading candidate for renomination before the Democratic Legislative Convention of the Ninth Senatorial District.

The death-roll of San Francisco for the past week shows that the deaths during the week were less than the average during the past five years. No small-pox cases were reported.

The Southern Pacific Railroad is being pushed beyond the Colorado into Arizona, and so far as their acts indicate, it would appear as if the managers intend continuing on toward the Atlantic.

In South Carolina, at Columbia, the Democratic candidate for Probate Judge was elected ten days ago by a majority of 500. At the Presidential election Hayes received 1,400 majority in the same place.

Seven hundred and thirteen converts to the Mormon faith arrived at New York by the steamer Wisconsin Saturday, and immediately started for Utah. The majority of them are from Holland.

Edwin Punt, convicted of embezzelment of public funds while Assessor of Oakland township, Alemeda county, was sentenced by the County Court on Saturday last, to one year's imprisonment in the State Prison.

In Kern county the Republican Central Committee has declined to call a Convention, as the party is in a minority, but has united with others to call a People's Convention, to be held at Sumner the first Saturday in July.

The El Dorado *Republican* says: The hay crop of this county is immense this season. Many who have opportunities of knowing, place the yield at double that of any former season, while the grain crop is in about the same ratio.

During the eleven months ending May 31st the exports from the United States were $165,000,000 more than in the corresponding period of the preceding year, while the imports were less. This tendency of "the balance of trade," is gratifying.

The Governor offers a reward of $300, the Sheriff of Merced county $300, and P. Baritlas $400—$1000 in all—for the arrest and delivery to the Sheriff of Merced county of Joe Drummond, the murderer of Mrs. Aree and two children at Los Banos.

Hester Ann Sutton, a girl nineteen years of age, died at Plattskill, New York, recently, of cogenito-hydrocephalus. Her head measuring four inches or four feet and a half, in circumference. The facts are testified to by the affidavits of medical men.

A mocking-bird entered a Methodist Church at Jackson, Tennessee, and after circling around the room, lit on the railing of the altar where it sat in attentive silence till the close of the sermon, when it warbled some of its sweetest notes and sailed away.

So far from forgetting the great (Presidential) swindle, the Democracy will employ it as their rallying cry in the coming campaign. The idea that our party should be taught that to be cheated out of an election is a trivial matter, is too preposterous for belief.

Wm. Moyle, who was driving the carriage when the late accident occurred at Cloverdale which resulted in the immediate death of Miss Emma Fancher and serious injury to her sister Lizzie, died, Wednesday afternoon, from the effect of the injuries sustained at the time.

The Democratic nominations of Butte county are: Assembly, G. L. Neally and Allen Henry; Sheriff, William Schneider; Clerk, Thomas Callow; Treasurer, S. J. Davis; District Attorney, L. D. Freer; Recorder, J. S. Steward; Superintendent of Schools, Rev. Jesse Woods.

The Chico *Record* contains a dispatch from Forest City, dated June 26th which says that a piece of quartz was found that day in the Bald Mountain claim containing ninety-four ounces of gold. That is the kind of of a "color" to pick up, and they keep finding them on that valuable claim.

Some astronomers believe that the sun's distance from the earth can be obtained with accuracy by observations on the planet Mars when in a suitable position, which will occur this year. A private expedition is prepared in England to take such observation at the Island of St. Helena.

There were fifteen alarms of fire in San Francisco on the Fourth of July, but in each case by the alertness and well directed efforts of the fire department the fires were extinguished before any considerable damage was done. In all the cases but one of the fires were caused by the discharge of fireworks.

A baby show is in progress in Chicago. Over 400 babies are on exhibition, including thirty pairs of twins. Prizes are offered for superiority in health, beauty, smallness, largeness, etc., but great trouble is found in getting competent persons to act as judges, everybody dreading the ire of disappointed mothers.

The New Orleans *Picayune*, referring to a statement made by a contemporary that the Grand Jury had indicted Wells and Anderson of the Returning Boards, says: "This was incorrect and unfortunate, owing to the number of people who were deluded by it; but it is a fact that the question was before the Grand Jury."

Common hog's lard will remove warts from both cows and horses, by applying it twice a day for ten days.

An Iowa farmer became angry with a horse and struck it with a club. The horse kicked back and killed him.

On and after Sunday, July 15th, 1877, the morning passenger train from Sacramento to Vallejo, and the 4 o'clock evening boat from San Francisco to Vallejo will be discontinued. This applies to Sunday traveling only. The regular trains on other days will remain unchanged.

The Democracy of Merced have made the following nominations: For Assembly, Andrew Ewing; For Sheriff, A. J. Meany; District Attorney, P. B. King; County Clerk, J. E. Hicks; County Recorder, E. J. Hamilton; Treasurer, Geo. Turner; School Superintendent, L. D. Stockton.

Texas has fifty wheat producing counties, one-fifth of which, if fully cultivated, would produce 86,000,000 bushels of grain. It has 69,120,000 cotton yielding acres, which, if taxed to the extent of their productiveness, would yield 6,962,000 bales—more than the entire product of the world.

So long as the "pathway of fraudulent elections is the highway to national death" no true Democrat will ever relax his opposition to those who tried it, and as Mr. Dorsheimer finally said, "there is no Democrat who does not stand on guard, a sentinel keeping watch to see that the next President chosen shall be inaugurated."

Chicago has had a grand butterfly ball, attended by about 150 children—100 little girls and 50 little boys—the oldest of whom was probably about 13 and the youngest had arrived at the mature age of 4. These were all dressed up as nearly as possible in the latest fashion of the butterfly court, each cherub being provided with a superb pair of wings.

The United States Circuit Court at Alexandria has issued a writ of certiorari taking jurisdiction of the Robert E. Lee case for the recovery of the Arlington estate out of the Virginia Courts. This was done at the instance of the law officer of the Government there, as it is believed that it is not proper that the case should be tried before the State Courts.

The following sums were paid into the State Treasury Saturday: By the State Harbor Commissions, rent of wharves and docks at San Francisco for the month of June, $23,083 10; by Thomas Beck, fees of office as Secretaryof State for June, $908; sales of reports of Geological Survey, $5; Statutes and Amendments to Codes, $6; Supreme Court reports, $12; ballot paper, $89 25; Codes, $12 50.

About $15,000 in subsidiary silver was exchanged for legal tenders at the Sub Treasurer's office in San Francisco last week. This coin is collected at the Postoffice and other sources of Federal revenue, and lodged with the Sub Treasurer, who is only too glad to get rid of it in large sums. The *Call* says this shows that silver coin—half dollars—cannot vary essentially in value from greenbacks.

The Tehama *Tocsin* says: While some of our citizens were giving a national salute of thirteen guns on the 4th, with an anvil, and just as the twelfth shot was fired, the sledge that was used for the occasion burst in three or four places. One piece struck Jacob Karmelinske, our village barber, on the leg about half way between the foot and knee, fracturing the bone and shattering the limb fearfully.

Everybody who participated in the celebration of the Fourth at Sacramento seemed delighted with the display. The decorations were a favorable topic of comment. The streets were lined with evergreens and bunting, presenting a beautiful scene, not surpassed perhaps by any city in the Union. The procession and literary exercises as well as the banquet and ball were a success. Quite a number of Woodlandites were present on the occasion.

The prisoners at the House of Correction saved a boy named Custick from drowning in Washerwoman's Bay on Monday. Custer was in a wagon when the horse took fright and ran into the water. After bringing him to the shore, Frank Madina, one of the five, then dived and cut loose the horse which had been drawn under the surface by the wagon. He then swam ashore, and Madina again dived and fastened ropes to the wagon so that it could be hauled out.

July 14th the train of Sherbagan, *en route* from Chihuahua to San Antonio, laden with specie, was attacked by 35 white and Mexican highwaymen on Seco Creek. The train contained twelve wagons and twenty men with it. After a desperate fight the robbers were driven off, losing several killed and wounded. The major-domo of the train, Frank Grimesinger and a Mexican were killed, and several others of the train people were wounded. No such outrage has occurred since the war.

1,000,000 Bottles
OF THE
Centaur Liniments!

have been sold the last year, and not one complaint has reached us that they have not done all that is claimed for them. Indeed, scientific skill cannot go beyond the result reached in these wonderful preparations. Added to Carbolic, Arnica, Mentha, Seneca-Oil and Witch Hazel, are other ingredients, which makes a family liniment that defies rivalry. Rheumatic and bed ridden cripples have by it been enabled to throw away their crutches, and many who for years have been afflicted with Neuralgia, Sciatica, Caked Breasts, Weak Backs, etc., have found permanent relief.

Mr. Josiah Westlake, of Marysville, O., writes:

"For years my Rheumatism has been so bad that I have been unable to stir from the house. I have tried every remedy I could hear of. Finally, I learned of the Centaur Liniment. The first three bottles enabled me to walk without my crutches. I am mending rapidly. I think your Liniment simply a marvel."

This Liniment cures Burns and Scalds without a scar, extracts the poison from bites and stings, Cures Chilblains and Frosted-feet, and is very efficacious for Ear-ache, Tooth-ache, Itch and Cutaneous Eruptions.

The Centaur Liniment, Yellow Wrapper, is intended for the tough fibres, cords and muscles of horses, mules and animals.

READ! READ!

Rev. Geo. W. Ferris, Manorkill, Schoharie Co., N. Y., says:

"My horse was lame for a year with a fetlock wrench. All remedies utterly failed to cure and I considered him worthless until I commenced to use Centaur Liniment, which rapidly cured him. I heartily recommend it. It makes very little difference whether the case be "wrench," spavin, spavin or lameness of any kind, the effects are the same. The great power of the Liniment is, however, shown in Poll-evil, Big-head, Sweeny, Spavin, Ring-bone, Galls and Scratches. This Liniment is worth millions of dollars yearly to the stock-growers, Livery-men, Farmers, and those having valuable animals to care for. We warrant its effects and refer to any Farrier who has ever used it.

Children.

A complete substitute for Castor Oil, without its unpleasant taste or recoil in the throat. The result of 20 years' practice by Dr. Samuel Pitcher, of Massachusetts.

Pitcher's Castoria is particularly recommended for children. It destroys worms, assimilates the food, and allows natural sleep. Very efficacious in Croup and for children Teething. For Colds, Feverishness, Disorders of the Bowels, and Stomach Complaints, nothing is so effective. It is as pleasant to take as honey, costs but 35 cents, and can be had of any Druggist.

This is one of many testimonials:

"CORNWALL, LEBANON CO., PA.,
"March 17, 1874.

"*Dear Sir*:—I have used your CASTORIA in my practice for some time. I take great pleasure in *recommending it to the profession* as a safe, reliable and agreeable medicine. It is particularly *adapted to children* where the repugnant taste of Castor Oil renders it so difficult to administer. E. A. ENDERS, M.D."

Mothers who try Castoria will find that they can sleep nights and that their babies will be healthy.

MARK THESE FACTS.

The Testimony of the Whole World.

HOLLOWAY'S PILLS.

"I had no appetite; Holloway's Pills gave me a hearty one."

"Your Pills are marvellous."

"I send for another box, and keep them in the house."

"Dr. Holloway has cured my headache that was chronic."

"I gave one of your Pills to my babe for cholera morbus. The dear little thing got well in a day."

"My nausea of a morning is now cured."

"Your box of Holloway's Ointment cured me of noises in the head. I rubbed some of your Ointment behind the ears, and the noise has left."

"Send me five boxes of your Pills."

"Let me have three boxes of your Pills by return mail, for Chills and Fever."

I have over 200 such testimonials as these, but want of space compells me to conclude.

For Cutaneous Disorders,

And all eruptions of the skin, this Ointment is most invaluable. It does not heal externally alone, but penetrates with the most searching effects to the very roots of the evil.

HOLLOWAY'S PILLS

Invariably cure the following diseases

Disorder of the Kidneys.

In all diseases affecting these organs, whether they secrete too much or too little water, or whether they be afflicted with stone or gravel or with aches and pains settled in the loins over the regions of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bedtime. This treatment will give almost immediate relief when all other means have failed.

For Stomachs Out of Order.

No medicine will so effectually improve the tone of the stomach as these pills; they remove all acidity occasioned either by intemperance or improper diet. They reach the liver and reduce it to a healthy action; they are wonderfully efficacious in cases of spasm, in fact they never fail in curing all disorders of the liver and stomach.

HOLLOWAY'S PILLS are the best known in the world for the following diseases; Ague, Asthma, Bilious Complaints, Blotches on the Skin, Bowels, Consumption, Debility, Dropsy, Dysentery, Erysipelas, Female Irregularities, Fevers of all kinds, Fits, Gout, Headache, Indigestion, Inflammation, Jaundice, Lumbago, Liver Complaints, Piles, Rheumatism, Retention of Urine; Scrofula or King's Evil, Sore Throat, Stone and Gravel, Tic doloroux, Tumors, Ulcers, Worms of all kinds, Weakness from any cause, etc.

IMPORTANT CAUTION.

None are genuine unless the signature of J. HAYDOCK, as agent for the United States, surrounds each box of Pills and Ointment. A handsome reward will be given to anyone rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

☞ Sold at the manufactory of Prof. HOLLOWAY & Co., New York, and by all respectable druggists and dealers in medicine throughout the civilized world, in boxes at 25 cents, 62 cents and $1 each.

☞ There is considerable saving by taking the larger sizes.

N. B. Directions for the guidance of patients in every disorder are affixed to each box.
